

Iowa Stop the Bleed® Instructor Information

STOP
THE BLEED®

Stop the Bleed® Training

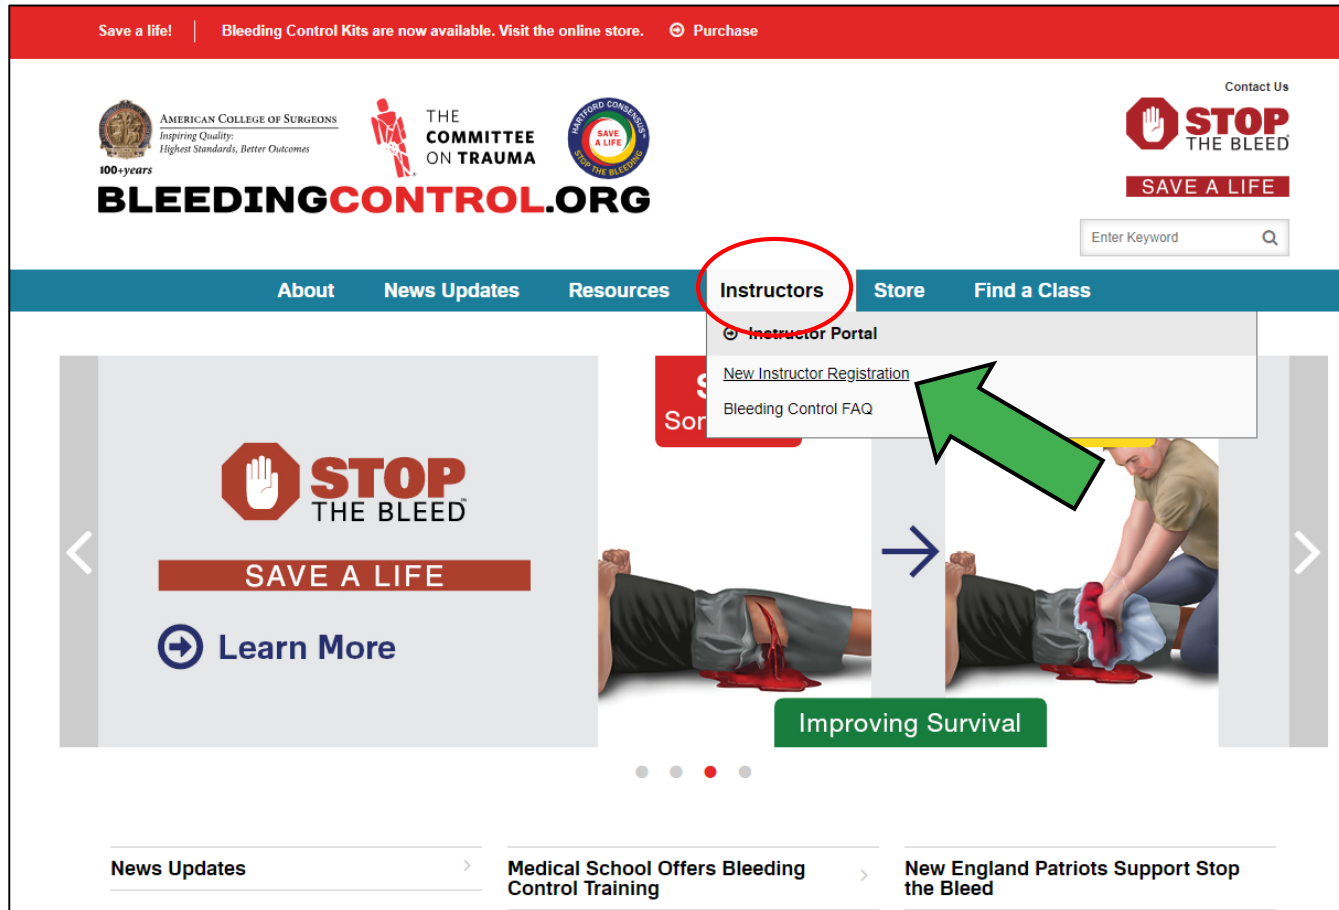

- ▶ The Stop the Bleed® program is a national initiative currently lead by the American College of Surgeons-Committee on Trauma (ACS-COT) to train the public in bleeding control measures.
- ▶ Bleeding Control Basic Course (B-Con) is the official training of the Stop the Bleed® program.
- ▶ B-Con is considered Trauma's equivalent to CPR.
- ▶ The ACS-COT official website for Stop the Bleed® is <https://www.bleedingcontrol.org>
- ▶ The IDPH website for Stop the Bleed® is <https://www.idph.iowa.gov/bets/stop-the-bleed>

Who can be a B-Con Instructor?

- ▶ Eligible instructors for the Bleeding Control Basic Course include:
 - ▶ Any MD, DO, RN, CRNA, NP, PA, DDS, DMD, DVM, PharmD, LVN, LPN, RD, RT, PT, OT, Paramedic, EMT, EMR/First Responder, Ski Patrol, Athletic Trainer, TCCC-MP Provider (both actively practicing and retired providers are eligible to be instructors) who has successfully completed the Bleeding Control Basic Course
 - ▶ Any PHTLS instructor who has successfully completed the Bleeding Control Basic Course
 - ▶ Any TCCC/TECCC instructor who has successfully completed the Bleeding Control Basic Course
 - ▶ Any ATCN/TNCC instructor who has successfully completed the Bleeding Control Basic Course
 - ▶ Any ATLS instructor who has successfully completed the Bleeding Control Basic Course
 - ▶ Any NAEMT instructor who has successfully completed the Bleeding Control Basic Course

Registering as a B-Con Instructor

- ▶ Go to <https://www.bleedingcontrol.org/> and click on Instructors and New Instructor Registration

Registering as a B-Con Instructor

- ▶ The New Instructor Registration links to an Instructor contact page. Please read the provided information. New instructor's contact information is entered at the bottom of the page.

The screenshot displays the BleedingControl.org website. The header includes logos for the American College of Surgeons (100+ years), The Committee on Trauma, and the Hartford Consensus (Save a Life, Stop the Bleed). The main navigation bar contains links for About, News Updates, Resources, Instructors, Store, and Find a Class. The page title is "Instructors Contact Form". The main content area is titled "Instructor Contact" and includes a thank you message and instructions to review requirements before submitting a registration form. It also lists "Approved Disciplines" and "Associate Instructor" information.

Instructor Contact

Thank you for your interest in becoming an instructor for the Stop the Bleed® program. Please review the instructor requirements carefully, before submitting a registration form for consideration:

Instructor

An instructor can independently direct a Bleeding Control course assisted by other instructors or associate instructors.

Approved Disciplines

MD, DO, RN, CRNA, NP, PA, DDS, DMD, DVM, PharmD, LVN, LPN, RD, RT, PT, OT, Paramedic, EMT, EMR/First Responder, Ski Patrol, Athletic Trainer, TCCC-MP Provider (both actively practicing and retired providers are eligible to be instructors)

Associate Instructor

The associate instructor may teach in a course under the direct supervision of a Bleeding Control instructor. When an associate instructor graduates or gains certification in one of the disciplines, they will be transitioned into this role directly without having to repeat the instructor course.

Registering as a B-Con Instructor

- ▶ There is no charge for becoming a B-Con instructor.
- ▶ Allow two business days for ACS-COT approval of a B-Con instructor application. Please check junk and spam folders for communications regarding instructor approval if a response is not received after 2 business days. Contact bleedingcontrol@facs.org with instructor registration questions.
- ▶ If access to the Instructor Portal has been granted, you have been approved to offer Bleeding Control Basic classes. ACS-COT recommends review the Instructor Manual, Course Guidelines, and Instructor Presentation Notes for guidance in teaching the course. These materials are available under the Resources tab of the Instructor Portal.

Instructor Portal Access

- ▶ Go to <https://www.bleedingcontrol.org>. Click on Instructors and Instructor Portal. Enter your email and password to log into the portal.

The screenshot shows the Bleeding Control Instructor Portal login page. At the top, there are logos for the American College of Surgeons (100+ years), The Committee on Trauma, and the Hartford Consensus (Save a Life). The main header is "BLOODINGCONTROL.ORG". Below this is a "Home" navigation bar. The main content area is titled "Bleeding Control Instructor Portal" and contains a welcome message for instructors, a link to the registration process (labeled "CLICK HERE" in red), and a "Log in" button. A large blue arrow labeled "Email" points to the email input field, and another large blue arrow labeled "Password" points to the password input field. Below the input fields is a "Remember me?" checkbox and a "Log in" button. A link for "Forgot your password?" is at the bottom.

Bleeding Control Instructor Portal

Thank you for participating in the American College of Surgeons Committee on Trauma Bleeding Control Education and Information Program. As a course instructor, you perform an important role as an ambassador for this training program, empowering civilians so they are able to provide immediate intervention and bleeding control to a victim of traumatic injury. Please log in below to access the instructor portal containing: your profile, various instructor resources (including the Bleeding Control Basic presentation and certificate), and the Class listing pages where you will post and manage your scheduled classes.

If you have not yet registered to be an instructor for the Bleeding Control Basic Course, please follow the links below and read the documents regarding instructor and course guidelines; you will be asked to confirm your agreement to the terms outlined in the documents when you complete your instructor registration. Once you have read the documents, please **CLICK HERE** for the new instructor registration request. You will be redirected to a brief form through which you will submit your request to become a Bleeding Control instructor with full access to the materials and Class listing pages.

Again, thank you for your support in the Bleeding Control Education and Information Program. Your efforts may well SAVE A LIFE.

Instructor Portal-Instructor Resources

- ▶ Certificate of Completion
 - ▶ Participants can be provided with a certificate of completion.
 - ▶ A PDF fillable certificate is available under Instructor Resources.
 - ▶ Complete the form by
 - ▶ Adding the participant's name in the top fillable line,
 - ▶ Entering the date of the course, and
 - ▶ The name of the instructor with their credentials in the lower fillable lines.

The certificate form is titled "STOP THE BLEED" with a logo of a hand with a red palm. Below the title is a red banner that says "SAVE A LIFE". The main text reads "AMERICAN COLLEGE OF SURGEONS COMMITTEE ON TRAUMA Recognizes". There is a large blue rectangular box for the participant's name. Below this, it says "For successful completion of the Bleeding Control Basic v. 1.0 Course". There is a line for "Presented on" followed by a blue box for the date, and a line for "by" followed by a blue box for the instructor's name. At the bottom, there is a copyright notice "Copyright © 2017 by the American College of Surgeons" and three logos: the Hartford Consensus logo (a circular logo with "SAVE A LIFE" and "STOP THE BLEEDING"), the Committee on Trauma logo (a red stylized figure), and the American College of Surgeons logo (a circular seal with "100+years" and the text "Inspiring Quality: Highest Standards, Better Outcomes").

Stop The Bleed

Stop the Bleed®

About the Stop the Bleed® Campaign

History of Stop the Bleed®

In April 2013, a few months after the active shooter event at Sandy Hook Elementary School in Newtown, CT, the Joint Committee to Create a National Policy to Enhance Survivability from Intentional Mass Casualty and Active Shooter Events was convened by the American College of Surgeons (ACS). This was done in collaboration with the medical community and representatives from the federal government, the National Security Council, the U.S. military, the Federal Bureau of Investigation, and governmental and non-governmental emergency medical response organizations, among others. The committee was formed to create a protocol for national policy to enhance survivability from active shooter and intentional mass casualty events. One of the committee's reports is called the Hartford Consensus. The Stop the Bleed® campaign is a direct result of the Hartford Consensus III: Implementation of Bleeding Control.

A significant preventable cause of death in the prehospital environment is uncontrolled bleeding. As demonstrated by guidelines enacted by the military, widespread bleeding control is critical to saving lives. The Hartford Consensus recommends that all responders have the education and necessary equipment for bleeding control and strongly encourages bystanders to act as immediate responders to stop bleeding.

In October 2015, The White House launched a national awareness campaign called Stop the Bleed®. The campaign serves as a call to action to encourage bystanders to become trained, equipped, and empowered to help in a bleeding emergency before professional help arrives.

Implementing Stop the Bleed® in Iowa

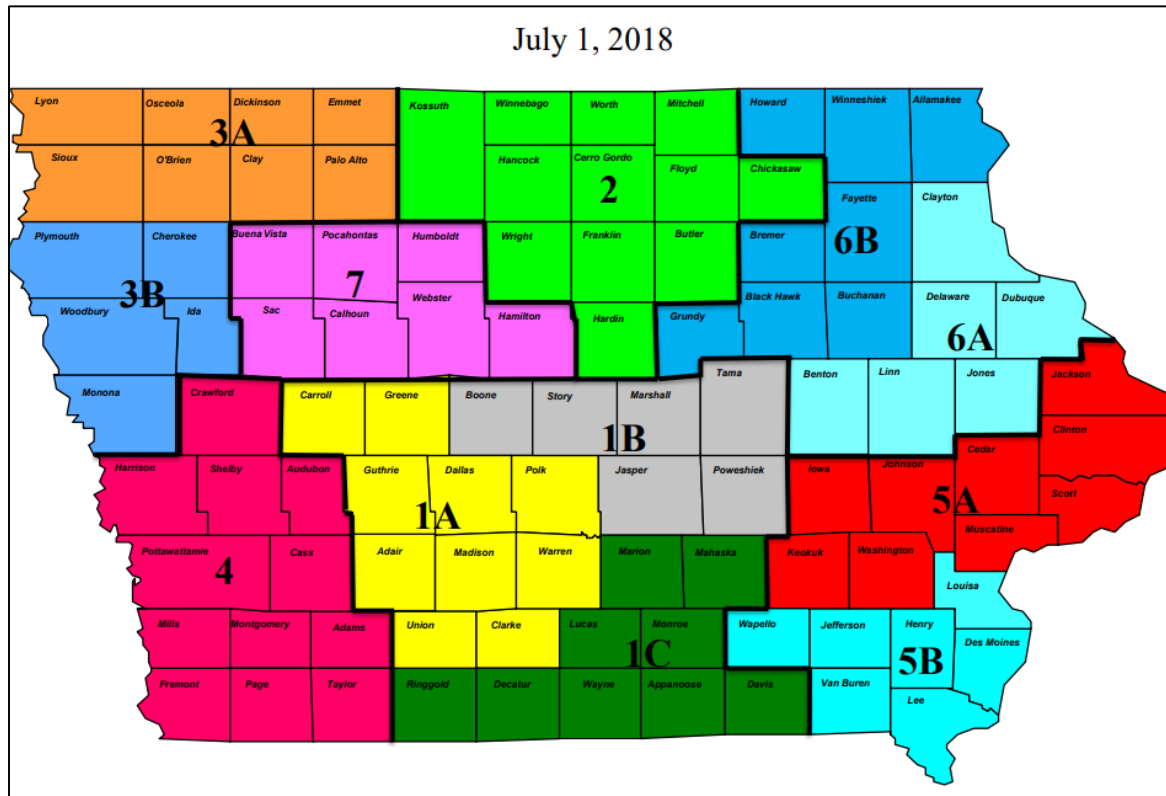

In the summer of 2017, the Iowa Department of Public Health in collaboration with the American College of Surgeons Committee on Trauma (ACS-COT), Iowa Chapter and the Trauma System Advisory Council (TSAC) implemented the Stop the Bleed® campaign statewide in Iowa. The training associated with the Stop the Bleed® campaign is called Bleeding Control or B-Con. The B-Con training teaches the public to:

IDPH Webpage

- ▶ Several State resources are available on the webpage including:
 - ▶ Iowa Specific Bloodborne Pathogen Factsheet
 - ▶ Iowa Good Samaritan Law Factsheet
 - ▶ Iowa Stop the Bleed® Instructor Information
- ▶ The IDPH webpage links to bleedingcontrol.org to access national resources such as:
 - ▶ Basics of Bleeding Control Booklet
 - ▶ Stop the Bleed® Poster
 - ▶ Save a Life Flowchart

Training Materials

- Iowa has seven service areas with twelve healthcare coalitions. Each of these coalitions has invested in Bleeding Control training materials. Below is a map of the service areas/coalitions.

Training Materials

- ▶ Coalition coordinators may be able to provide assistance in locating training materials and instructors within the coalition.
